### A. WARRANTY COVERAGE:

EDCO Entex Steel-Kore Steel Siding is warranted to you, the original property owner(s), by the manufacturer, Edco Products, Incorporated ("EDCO"). EDCO warrants against the siding containing manufacturing defects which result in cracking, chipping, flaking, peeling, or splitting, as well as manufacturing defects which cause perforation or deterioration of the steel substrate due to rust. This warranty remains in effect for as long as the original property owner(s) are living and are the owner(s) of the property to which the siding was applied. In the event there is more than one original property owner(s), the warranty will remain in effect as long as one of the original property owner(s) is living and owns a significant interest in the property to which the siding was applied.

Because the warranty period relates to the individual property owner(s)' lifetime (human beings), this warranty period does not apply to siding applied to property owned in whole or part by corporations, governmental entities or agencies, religious organizations, trusts, condominium or cooperative housing arrangements, intangible legal entities or any other entity or organization capable of an indefinite life. For such intangible entities capable of an indefinite life, the duration of the warranty is fifty (50) years from the date of installation and is not transferable.

Additionally EDCO warrants the siding, after removal of foreign surface deposits, will not show a change in excess of 5 Delta E units (NBS) as a result of normal weathering or ultraviolet exposure, for a period of thirty-five (35) years from the date of installation.

This warranty shall be valid only after the registration certificate is completely filled in by the original property owner(s), signed, and mailed to EDCO within thirty (30) days after completion of installation of the siding or purchase from the builder of your newly constructed home. All warranties are subject to the conditions, remedies, transfer requirements, limitations and legal rights stated in this certificate.

### B. NOTICE of INSPECTION, REMEDIES – USD \$ 100 PAYMENT, TOTAL LIABILITY – AND CONDITIONS

#### 1. Notice of Inspection.

If you think your siding contains manufacturing defects, simply write to EDCO Products, Inc., 8700 Excelsior Boulevard, Hopkins, MN 55343-3410, Attention: Warranty Services, by registered mail, including the date the siding was installed, certificate number and name exactly as indicated on the original warranty registration.

If you choose to exercise your rights under this warranty, do not begin any repairs prior to writing EDCO and receiving EDCO's written permission to do so. Some unauthorized methods of repair may ruin the siding, making it impossible to repair the siding. Further, EDCO must be given a reasonable opportunity to inspect the siding for defects before repairs are begun.

#### 2. Remedies

(a) First Three Years

If your siding shows manufacturing defects within the first three years from the date of installation of the siding, EDCO, at its option, will either repair, refinish, or replace the defective siding at no cost to the property owner(s).

(b) After Three Years - \$100 USD Payment

After the first three years from date of installation, EDCO will assume the cost of material and labor for any warranted work upon EDCO's receipt of a \$ 100\* USD payment from the property owner for each incident under this warranty.

(c) Limitation of EDCO's Liability for Each Claim

EDCO's total liability for a claim under this warranty shall be limited to, and in no event exceed the total purchase price, including labor and taxes, of the original installed siding. Any costs and expenses beyond EDCO's liability shall be paid to EDCO or otherwise paid by the property owner(s) prior to EDCO commencing warranty work on any claim which exceeds EDCO's total liability.

### 3. Conditions

EDCO reserves the right to discontinue or make changes in its siding. If your siding is not available and EDCO decides to replace the defective siding, EDCO shall have the right to substitute siding which it considers of equal quality and price. All warranty claims shall be settled between you and EDCO.

### C. TRANSFER OF WARRANTY AND PRORATION

This warranty is only transferable by the original property owner(s) to the next owner(s) of the property to which the siding is attached; provided EDCO receives written notice of transfer of title of the property, accompanied by a One Hundred Dollar (\$100.00) USD transfer fee\*, within thirty (30) days of the date of transfer of ownership. Your notice must be sent by registered mail and include the original owner's name as registered with EDCO on the original warranty registration, the name of the next property owner(s), the certificate registration number, and the date the siding was installed. Failure to file the required transfer notice within thirty (30) days shall relieve EDCO of any further obligation to the next owner(s) under the terms of this warranty. Upon transfer, all warranty periods, shall be prorated and limited in duration to fifty (50) years from the date of the installation of the siding as follows: first to fifth year EDCO pays 100% of the costs of the labor and material to refinish, repair, or replace defective siding. During the sixth and subsequent years after date of installation the property owner shall pay an additional 10% per year of the cost and EDCO shall pay the balance. The fourteenth year through the end of applicable warranty period EDCO will pay 10% of the total costs. All claims are subject to an applicable service charge per incident. This section does not apply to entities capable of an infinite life.

### D. LIMITATIONS:

This warranty is not applicable to recreational vehicles including but not limited to campers and motor homes. This warranty is not applicable to siding used in roofing applications.

EDCO does not warrant against and shall not be liable for any damage to the siding when due to any of the following causes: faulty or improper installation or application of the siding, use of accessories that do properly receive or secure the panels, settlement, shrinkage, distortion, warping, failure or cracking of the wall or materials to which the siding is applied, earthquake, hurricane, tornado, cyclone, gale, lightning, fire, Acts of God, flood, wind-borne objects, ice or weather of a catastrophic nature, harmful chemicals, surface discoloration due to air pollution, normal weathering of surface; fumes, vapors or salt spray directly applied to the siding or in the atmosphere; lap abrasion, vandalism, misuse, physical abuse, riot, insurrection or civil disorder; negligence in or failure to provide reasonable and necessary maintenance of the siding to prevent an accumulation of surface dirt, staining, or mildew. (Please see reverse side for care and maintenance instructions.)

EDCO shall not be liable to you for breach of any written or oral express warranties, such as those, if any, given to you by contractors, applicators of the siding or builders of the home. ANY IMPLIED WARRANTIES IMPOSED BY LAW, SUCH AS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PURPOSE, ARE LIMITED IN TIME TO THE DURATION OF THIS EXPRESS WARRANTY. DISTRIBUTOR SHALL NOT BE LIABLE TO YOU FOR CONSEQUENTIAL DAMAGES OR INCIDENTAL DAMAGES FOR BREACH OF ANY EXPRESS, WRITTEN, ORAL OR IMPLIED WARRANTY ON THE SIDING. Your EXCLUSIVE REMEDY shall be repair or replacement solely at EDCO's option, only on the terms stated in this certificate.

### E. LEGAL RIGHTS:

Some jurisdictions do allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. Some jurisdictions do not allow the exclusion or limitation on incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have rights which vary from jurisdiction to jurisdiction.

**CARE AND NORMAL  
MAINTENANCE INSTRUCTIONS****ENTEX® SIDING****PREFINISHED BUILDING MATERIALS**

A. In most areas, normal rainfall is sufficient to keep the shingle-shake surface clean. Where an unusual amount of dirt is deposited on the surface, a simple cleaning procedure should be scheduled annually or more often if conditions demand. For surface dirt, the use of ordinary non-abrasive household detergent is recommended.

B. For severe conditions use the following solution:  
1/3 cup ordinary non-abrasive household detergent (i.e. Tide)  
2/3 cup trisodium phosphate (i.e. Spic N Span)  
1 gallon water

**CAUTION: Stronger concentrations of cleaners can cause damage to the finish. Rinse the surface with clear water immediately after cleaning. Avoid skin contact or getting the solution in the eyes. Always wash the shingle shakes from the bottom to top and keep rinsing thoroughly with fresh water while cleaning.**

C. In some areas, mildew may be a problem. It appears as black spots on the surface dirt and is usually detected in areas not subjected to rainfall. For removal, prepare a solution as follows:  
1/3 cup powder detergent (i.e. Tide)  
2/3 cup Trisodium Phosphate (i.e. Spic N Span)  
1 quart 5% Sodium Hypochlorite (i.e. Clorox)  
3 quarts water.

**CAUTION: Greater amounts of concentration may cause damage to the finish. Always test any cleaner on an inconspicuous area before application to major areas. Excessive rubbing will create an undesirable glossy finish.**

D. We are pleased to add you to our long list of satisfied customers and we hope you'll recommend our products to your friends and neighbors. We know you'll benefit from these prefinished building materials for many years to come and thank you for your purchase.
